

COVID-19 UPDATES, MESSAGES, AND STATISTICS

.....

Dear Families and Friends,

As the world continues to adjust with the Pandemic and regulations ease on the outside. We ask that those visiting continue to adhere to the recommended guidelines when visiting.

Please note 3-ply masks are required to be worn while in the facility. Please pay attention to the signs located in the facility and outside the resident room for any special recommendations.

We Respect that CDC has eased guidance for precautions to the general public. The guidelines for Nursing home settings have NOT yet changed.

Please note we have concluded our outbreak status. Which means we have passed 28 days with no new covid positive staff or residents. Your vigilance in this matter definitely helps us maintain a safe environment.

We greatly appreciate your patience and understanding during these continued trying times.

Please know that the safety of our residents is our top priority.

Should there be another outbreak or additional resident or employee testing positive, the affected area will be in quarantine until two rounds of testing is completed. Please note we will post signage to announce these areas and send out notices in that regard.

Please note, though visitation can not be restricted we strongly urge you follow recommended guidelines for proper PPE when visiting.

***PLEASE IF YOU HAVE ANY SYMPTOMS, KNOWN EXPOSURE OR ARE POSITIVE PLEASE REFRAIN FROM VISITING!**

PLEASE ADVISE US IF YOU DO BECOME POSITIVE WITHIN 14 DAYS AFTER YOUR VISIT.

SHALL YOU CHOSE TO SCHEDULE A VISIT OR HAVE GENERAL INQUIRIES PLEASE REACH OUT TO OUR RECREATION DEPARTMENT @ 732-294-3145

Any questions, please feel free to call David Klugmann, Administrator.

Thank you very much for your cooperation. We are so excited to see you!

.....
